

TAFT SUBMITS TAX PROPOSALS

PRESIDENT SENDS
MESSAGE TO CONGRESS

Suggests Levy of Two Per
Cent. Net Income of
Corporations.

(Times Leased Wire.)
Washington, D. C., June 16.—Recommending the adoption of a joint resolution by two thirds of both houses, proposing to the states an amendment to the constitution granting the federal government the right to levy and collect an income tax, President Taft sent a special message to congress to-day.

The message also recommended as part of the pending tariff bill an excise tax upon all corporations amounting to 2 per cent. of their net income.

In opening, the message refers to the fact that President Taft invited the attention of congress to the necessity of revision of the tariff, and to his having pointed out the obligation to arrange duties which would secure an adequate income for the government.

To-day's message refers to Taft's previous suggestion that if it is not possible to secure a sufficient income by import duties that new kinds of taxation must be adopted, and among them he suggested the inheritance tax.

On this subject the message says: "The house of representatives has adopted the suggestion and provided a bill for the collection of such a tax. In the senate the action of the finance committee and the course of the debate indicates that this provision may not be agreed to."

"It is now proposed to make up the deficit by the imposition of a federal income tax in form and substance almost exactly the same as that in the case of Pollock versus the Farmers' Loan & Trust Company, which was held by the supreme court to be a direct tax, and therefore not within the power of federal government to impose unless apportioned among the several states according to their population."

Continuing along this line the president states that the government is thus deprived of power it ought to have, and mature consideration satisfies him that a constitutional amendment is the only proper course for the establishment of this power to the fullest extent.

The message then says: "I therefore recommend to congress that both houses by two-thirds vote shall propose an amendment to the constitution conferring power to levy an income tax upon the government without apportionment among the states in proportion to their population, and to secure the approval of three-fourths of the states will destroy the chance of adoption of the amendment. But I am convinced that a great majority of the people of this country favor the vesting in the national government the power to levy an income tax, and that they will secure its adoption in the states if it is proposed to them."

"I therefore also recommend an amendment to the tariff bill imposing on all corporations and joint stock companies, organized for profit, except national banks (otherwise taxed), savings banks and building and loan associations, an excise measured by 2 per cent. on the net income of such corporations. This is an excise tax upon the privilege of doing business as an artificial entity and of freedom from general partnership liability enjoyed by those who own stock. I am informed that a two per cent. tax of this character would result in payment into the treasury of not less than \$25,000,000."

The president discusses this tax at length, pointing out the many advantages he sees in it.

ADVERTISING MEN MEET AT SEATTLE

R. E. Bigelow Elected President
of the Pacific Coast
Association.

(Times Leased Wire.)
Seattle, Wash., June 16.—The second day's session of the Pacific Coast Advertising Men's Association began in Reel hall at 10 o'clock this morning, where after a short meeting the delegates and their wives started on an automobile tour of the city, in charge of George L. Trotter. At noon the visitors were the guests at a luncheon at the Hotel Club.

Following the luncheon the delegates returned to Reel hall where many papers were read, among them being "Dollars and Sense in Advertising," by Wm. C. Hunter, of Chicago; "The Making of a Magazine," by S. S. McClure, of New York; "Community Publicity," by B. I. Damsen, of Portland, Ore.; "Troubles of the Ad. Men," by J. E. Simpson, of Sacramento, Cal.; "The United Pacific States," by Rufus P. Jennings, of San Francisco.

At the session of the ad. men yesterday afternoon, R. E. Bigelow, of Spokane, was elected president of the association, and B. I. Damsen, Portland, was re-elected secretary-treasurer.

PRESS DELEGATES AT SHEFFIELD

(Special to the Times.)
Sheffield, June 16.—The delegates to the Imperial Press Conference visited Sheffield to-day and went over the Vickers-Maxim plant, where they saw 11-inch guns in progress of manufacture and armor plates being rolled.

FOUR KILLED BY EXPLOSION

EIGHT OTHER WORKMEN
SUSTAIN INJURIES

Power Station at Denver
Wrecked When Boiler is
Blown Up.

(Times Leased Wire.)
Denver, Colo., June 16.—Four persons are dead, one fatally injured and seven seriously hurt as the result of the explosion of a forty-ton boiler in the power station of the Denver Gas & Electric Company last night.

The whole building was wrecked when the boiler, which was thrown 800 feet into the air, came down upon the roof. The property loss is estimated at \$300,000.

The force of the explosion was so great that Rachel Goldstein, who was watering a lawn two blocks away, was hit on the head by a flying brick and seriously injured.

Officials of the gas and electric company have not determined the cause of the explosion.

MILITARY TRAINING.

Society of Friends Protest Against Proposal of Lord Strathcona.

Toronto, June 16.—A committee to draft a petition to the Canadian government protesting against the proposal of Lord Strathcona to introduce military training in the schools was appointed yesterday by the Society of Friends, who are holding their annual meeting in Zion church. Militarism, the report said, had no part in education. The society declared itself in favor of equal political rights for women, but not in favor of universal suffrage. The meeting was presided over by Isaac Wilson, chairman of the philanthropic committee.

TRYING TO SETTLE STRIKE IN HAWAII

Two Japanese Priests Now
Active Among Plantation
Workers.

(Times Leased Wire.)
Honolulu, June 16.—Two Japanese priests, one of the Christian faith, and one a follower of Buddha, are laboring faithfully among the Japanese strikers to-day in an attempt to secure an amicable settlement of the present difficulties. Rev. Okumura, an ordained Christian minister, who is one of the oldest Japanese residents of this city, accompanied by Rev. Imamura, a Buddhist priest, were active during the recent strike at Ewa, and it is said that it was largely through their efforts that the difficulties there were temporarily settled.

Both men have returned to Honolulu, and are making heroic efforts to bring about an understanding between the disgruntled Japanese and their employers. They enjoy the full confidence of each side, and will wield much influence among the Japanese.

The leaders of the Japanese who have quit work on the sugar plantations are trying to keep up the spirit of their followers with promises that they will soon receive financial backing from the Pacific coast, but little credence is given this story.

Report Unfounded.
San Francisco, June 16.—Consul-General N. Nagai, of Japan, stated to-day that so far as he has been informed, the report that the Japanese strikers in Hawaii have appealed to the Japanese on the coast for financial and moral support, is unfounded.

CUTS THROAT WITH PENKNIFE.

Ellensburg, Wash., June 16.—Despondent because of illness and suffering from suicidal insanity, Mrs. Pearl Turner, wife of Leslie Turner, a farmer living seven miles from Ellensburg, took her own life by slitting the jugular vein with a small penknife. Mrs. Turner was 34 years old and leaves, besides her husband, six small children, the youngest of which is but one year old.

CLAUDIENES MAY BE GIVEN LIBERTY

Charges Against Alleged Dynamiter Likely to Be
Dropped.

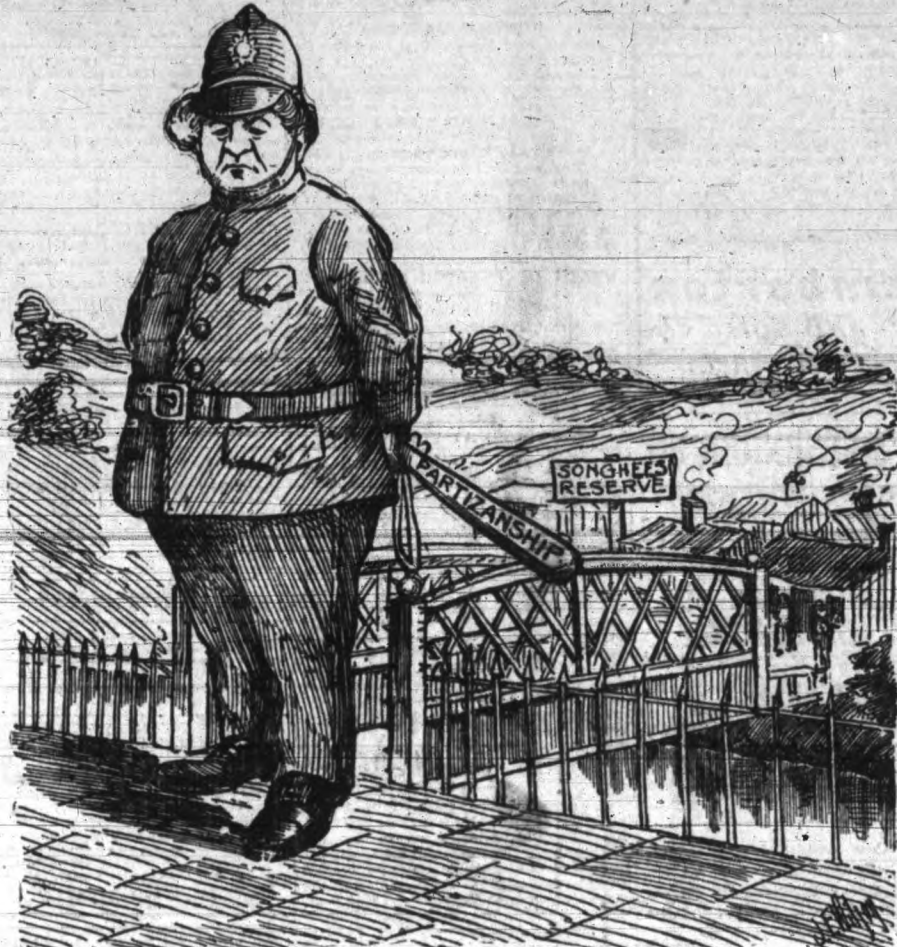

(Times Leased Wire.)
Oakland, Cal., June 16.—Reports that charges against John Claudienes of participation in the dynamiting of the Schenck home in East Oakland, occupied by James L. Gallagher, will be dropped, are generally accepted to-day. When the case is called for trial Friday it is expected the prosecution will ask that the defendant be dismissed because of insufficient evidence. Peter Claudienes, John's brother, was convicted of the crime through the introduction in evidence of confessions signed by himself and his brother. John's attorneys have announced their intention to fight against the use of these confessions.

Without this evidence there is little hope of obtaining a conviction.

HONORS FOR WRIGHT BROTHERS.

Will Receive Medals From State of Ohio and City of Dayton.

Dayton, Ohio, June 16.—Everything is in readiness to-day for the celebration in honor of the Wright brothers, which begins here to-morrow. To-morrow morning will be devoted to oratory, there will be a parade in the afternoon and a reception in the evening. Friday the medals from the state and city will be presented to the aeronauts, and Friday evening the celebration will be closed with an illuminated automobile parade.

PREMIER M'BRIDE'S IDEA OF FACILITATING A SETTLEMENT.

TOPOGRAPHICAL WORK NEAR CITY

OLD MARKS FOUND
BY THE ENGINEERS

Survey Made by United States
Service is Traced by
Them.

The preliminary work of the Dominion engineers looking to the preparing of a topographical map of Vancouver Island is progressing. R. H. Chapman, who is in charge, assisted by K. Chipman has already selected a number of points from which observations are being made.

With a camp established near the end of the Douglas street car line the engineers have put up marks on quite a few prominent points surrounding the city.

At Gonzales Hill, Albert Head and Mount Tolmie Mr. Chapman and his assistants were able to locate the marks left by the United States survey party which made observations here in 1867-68. These have been definitely located and will be useful in the work.

GOVERNOR GILLET'S VISIT TO FAIR

Chief Executive of California
Will Arrive at Seattle
To-day.

(Times Leased Wire.)
Seattle, Wash., June 16.—Plans for appropriate ceremonies incident to the arrival in Seattle of Governor Gillett of California, who is due to reach this city at 4:30 o'clock this afternoon, were perfected by Chairman Rufus P. Jennings and other members of the California reception committee to-day.

In order that the governor might be informed of all that was planned for his entertainment while visiting the Alaska-Yukon-Pacific exposition and Seattle, Chairman Jennings delegated George M. Perline, of the governor's staff, to proceed to Tacoma and meet his state's executive and accompany him here.

At the Union depot the entire assemblage of Californians will gather to receive the governor. He will be escorted to the fair grounds late this evening, where the Californians will be entertained at a banquet given in honor of the governor's arrival, by the chamber of commerce.

To-morrow the visitors will be treated to a steamer trip on Puget Sound.

HONORS FOR WRIGHT BROTHERS.

Will Receive Medals From State of Ohio and City of Dayton.

Dayton, Ohio, June 16.—Everything is in readiness to-day for the celebration in honor of the Wright brothers, which begins here to-morrow. To-morrow morning will be devoted to oratory, there will be a parade in the afternoon and a reception in the evening. Friday the medals from the state and city will be presented to the aeronauts, and Friday evening the celebration will be closed with an illuminated automobile parade.

AUSTRALIANS WIN SECOND TEST MATCH

Defeat All-England Eleven by
Nine Wickets—Honors
Now Even.

(Special to the Times.)
London, June 16.—After making 269 in their first innings, to which the Australians replied with 350, the all-England eleven collapsed in their second effort, being all out for 121, and the Antipodeans had no difficulty in knocking up the 41 runs required to win, thus winning the second test match by nine wickets, and evening the score to date.

Surrey beat Northamptonshire by 2 wickets and Worcester beat Kent by 108 runs.

CHINESE MINISTER RETIRE FROM OFFICE

Prince Iwakura Appointed to
Ministry of Imperial
Household.

(Times Leased Wire.)
Tokyo, June 16.—Viscount Mitsu-Aki Tanaka to-day resigned his post as minister of the Imperial household, and Prince Tomosada Iwakura was appointed his successor.

Count Tanaka, who is 66 years of age, had held the ministry which he resigned to-day since 1898. His public career has been brilliant, beginning with his service in the army in his youth. He was connected with the army until 1881, at which time he held the office of quartermaster-general. He then served as chief commissioner of the metropolitan police from 1889 to 1892, and was appointed president of Peers school in 1892. His next office was the ministry of the Imperial household.

Prince Iwakura is 58 years of age. He was one of the principal imperialists during the struggle which led to the restoration, and has served in various public capacities. Among the offices held by the prince are those of vice-grand chamberlain, privy councillor and director of the peerage bureau.

CONTRACTS LET FOR G. T. P. BRANCH LINES

(Special to the Times.)
Winnipeg, June 16.—Grand Trunk Pacific officials announced to-day that the following contracts for branch lines had been let:

Eighteen miles of Yorkton-Melville branch to Rigby & Hyland, Winnipeg; thirty-five miles of Yorkton to Regina branch, to McMillan Brothers & Kenny, Limited, of Winnipeg.

ARCHDEACON COOPER DEAD.

(Special to the Times.)
Fort William, Ont., June 16.—Archdeacon Cooper, of Dryden, died here yesterday afternoon just as he was boarding the steamship Alberta, from heart failure, and the body was shipped to-day to Toronto.

DECLARE WAR ON "BLACK HAND"

CONCERTED ACTION
BY POLICE CHIEF

Will Be Assisted in Campaign
by United States Secret
Service.

(Times Leased Wire.)
Buffalo, N. Y., June 16.—The Sicilian "black hand" to-day is regarded by police chiefs throughout the country as the greatest problem in crime that faces them. Leading chiefs who are attending a convention of police chiefs here to-day have resolved that they will use concerted efforts to stamp out the society and have pledged themselves to render all possible aid in keeping the "black hand" members under surveillance.

It has been suggested that a special congress of leading police officials and detectives be called to decide upon measures to be taken against the bands of terrorists and assassins. An intimation was made at the meeting that aid in running the hands to earth would be given by the United States secret service.

HANGS HERSELF TO WATER HEATER

Body of Woman Found in Her
Apartment at
Seattle.

(Times Leased Wire.)
Seattle, Wash., June 16.—Mrs. Ina Sakamoto, wife of Sadajiro Sakamoto, was found hanging in the apartment she and her husband occupied in the rear of 315 Main street yesterday afternoon by her brother-in-law. She had been dead several hours. Mrs. Sakamoto had fastened the end of a clothes line about her neck and the other end about the top of a water heater. Her husband conducts a small restaurant in the same block where they lived. No reason for the woman's act is known.

ATTACKS TARIFF BILL.

Senator La Follette Says It Will Be
an Increase Over Dingley Rates.

Washington, D. C., June 16.—Senator La Follette, of Wisconsin, to-day gave out an interview scoring the tariff bill now before the senate. He declared that as revised by the senate the pending bill would be an increase over the Dingley rates. There is no indication, he declared, that the bill, as it will finally be enacted, will be in accordance with the instructions of the republican platform or satisfactory to the majority of the people.

TEUTONIC FLOATED.

New York, June 16.—The White Star liner Teutonic, with 200 passengers aboard, went ashore in Ambrose channel, near the lights, about noon to-day.

The Teutonic was floated, uninjured, this afternoon and proceeded to Plymouth.

CITY SUPREME IN DOING WORK

RATEPAYERS CANNOT
QUESTION METHODS

Rockland Avenue Case is De-
cided in Favor of the
City.

Citizens have no right to question the manner in which a city council carries out public works, granted that there has been no fraud, nor any means of making a profit other than at the polls. Having passed a local improvement by-law it is the duty of council, without interference, to perform the works it called for.

This was the gist of a judgment delivered to-day by Mr. Justice Irving in the suit brought by John Arbutnot, F. B. Pemberton and Joseph Hayward, suing for themselves and other ratepayers subject to special assessment under the Rockland avenue improvements by-law. The plaintiffs alleged that the macadamizing of that roadway had been done in an unworkmanlike manner; that, in fact, what was put down was not really macadam at all. Before going on with the case the city secured the direction for the hearing of argument on the point of law involved in the first paragraph of its statement of defence, which was as follows:

"The defendants contend that the statement of claim is bad in law and discloses no cause of action against them. The defendants are, by the Municipal Clauses Act, entrusted with governing powers and authority over municipal roads and streets and works therein, and submit that their discretion as to the mode of exercising such powers is, save in special circumstances not alleged in this action, not open to question."

Argument on the point was heard this morning. W. J. Taylor, K. C., city barrister, and J. P. Mann, city solicitor, appeared for the city, and for the defendants A. E. McPhillips, K. C. and H. G. S. Heisterman.

TWO MEN WOUNDED BY NEGRO PORTER

Portland Railroad Agent Will
Probably Succumb to
Injuries.

(Times Leased Wire.)
Shaniko, Ore., June 16.—B. H. Trumbull, representing the Illinois Central railroad in Portland as a special agent, was shot and perhaps fatally wounded early to-day by a negro porter who resisted Trumbull's attempt to take him back to the wool buyers' special car standing on a track near Shaniko. J. S. McLaughlin, travelling freight agent for the same railroad, was shot in the leg by the negro, but not seriously injured.

Trumbull found the porter, whose name is said to be R. E. Brooks, reeling about the streets and tried to induce him to return to the car. Brooks made an effort to escape. Trumbull seized him, but the porter broke away, pulled a revolver, according to witnesses, and fired at Trumbull. The bullet entered the railroad man's groin and took an upward course.

McLaughlin, who was standing near by, ran after Brooks, who turned suddenly and inflicted a wound in the leg of his pursuer. The excitement seemed to sober the negro, for he ran like a deer. A posse was quickly organized and started in pursuit, but no word has been received from the party.

Trumbull and McLaughlin were put on a special train and rushed to the nearest hospital. Surgeons who examined Trumbull reported that his chances for recovery were slim. Brooks recently came here from Chicago to serve the party on the wool buyers' special that is touring this part of the state.

VENEZUELA BUYS STEAMER AND TUG

Will Run in Competition With
Company Granted Mon-
opoly by Castro.

(Times Leased Wire.)
Washington, D. C., June 16.—The state department was officially notified, through the American legation at Caracas, that the steamer Nanticoke and the tug Dispatch, which were suspected of being about to engage in a filibustering expedition to Venezuela, have been purchased by the Venezuelan government and will be placed in the government navigation service on Lake Maracaibo.

It is understood that the Venezuelan administration will place the vessels in competition with a private company which was granted a monopoly by former President Castro. This private company is practically under Castro's control, despite the fact that he is barred from the republic of which he was once the dictator.

DECLINES MINISTERSHIP.

Chicago, June 16.—Frederic A. Delano, president of the Washburn railroad, is the latest one to turn down the Chinese ministryship offered by President Taft.

"I regret that I must disappoint the president," said the railroad president to-day, "but I know what I can do in the railroad business, and do not know what I could do in the diplomatic service."

BITTER ATTACK ON F. J. HENEY

BRANDED AS HIRELING
OF RUDOLF SPRECKELS

Attorney for Calhoun Continues
His Argument for the
Defence.

(Times Leased Wire.)
San Francisco, Cal., June 16.—Special Prosecutor Francis J. Heney was the object of a bitter attack by A. A. Moore, when he resumed his argument for the defence in the trial of Patrick Calhoun to-day. Volley after volley of perverted rhetoric, surcharged with invective and insinuation were aimed at the head of the prosecutor. Heney was branded as a hireling of Rudolph Spreckels, and as the head of an organized force of criminal detectives.

The address of the veteran attorney was in point of expression and rhetoric, one of the cleverest and most sensational arguments ever delivered before a jury in this city. The defendant was accompanied to court by his wife and his two daughters.

Moore asserted that the effort to connect the defendant with the bribery of the former supervisors of the city was farcical.

"Why name Calhoun in the matter at all?" he inquired. "Despite all the spying, boring of holes in doors, looking over transoms and the traps that have been set, there has never been a particle of direct evidence against the defendant."

"Director Leach, of the United States mint, was the first man to mention the name of Calhoun in the case, and his testimony was only to the effect that Calhoun had placed \$200,000 in the mint and later had it delivered to his assistant, 'Firey' L. Ford. Much has been made by the prosecution of the fact that Ford asked that the money be paid to him in currency. Gold, as you know, is very heavy. The suggestion points to the fact that currency was wanted as a suspicious circumstance, but Ford, according to the testimony of Leach, did not press the matter, suggesting that the gold given him at the mint be changed into currency at the headquarters of the relief committee, of which Leach was a member."

Proceeding, Attorney Moore said: "We next come to Rudolph Spreckels, of whom I would like to say more, and will hereafter. He says that before the fire Mr. Calhoun practically offered to put a conduit system on Pacific street regardless of the fact that the grade there is a very steep one. A very generous offer on the part of Mr. Calhoun, I think. But Spreckels refused to allow this. He also admitted here that he told the defendant that he meant war—and war is what he meant."

PRIMARY LAW.

Declared Unconstitutional by Supreme
Court of Illinois.

Springfield, Ill., June 16.—The Supreme court of Illinois to-day declared unconstitutional the state primary law, and as a result the state is without a legal method of nominating candidates for office. It is thought that a special session of the legislature will be called to enact a new law.

The decision of the Supreme court is a result of an attack made upon the primary law by candidates defeated in the state primaries last summer.

PROBING AFFAIRS OF STATE OFFICERS

Head of Washington Commit-
tee Says the Work Must
Continue.

(Times Leased Wire.)
Seattle, Wash., June 16.—Senator Pline L. Allen, chairman of the legislative investigation committee, who has just concluded an inquiry into the affairs of state institutions in eastern Washington, declared to-day that he would prepare a resolution for introduction at the special session of the legislature, called for June 23rd, continuing the life of the committee for an indefinite period to enable it to continue the investigation of state officers and institutions.

"The commission of the legislative investigating committee expires on July 12th," said the senator to-day, "but it is undoubtedly within the province of the legislature in special session to continue or discontinue the committee at its pleasure. The work must go on, and it is my intention to urge this at the special session."

The full legislative committee will hold a meeting in Seattle on Monday next, at which the final touches will be put on the report dealing with the several state institutions visited during the trip to eastern Washington.

DECLINES MINISTERSHIP.

Chicago, June 16.—Frederic A. Delano, president of the Washburn railroad, is the latest one to turn down the Chinese ministryship offered by President Taft.

"I regret that I must disappoint the president," said the railroad president to-day, "but I know what I can do in the railroad business, and do not know what I could do in the diplomatic service."

BITTER ATTACK
ON F. J. HENEY

(Continued from page 1.)

Moore then made a determined effort to neutralize the effect of the damaging testimony given by former Supervisor James L. Gallagher, who was called by the prosecution.

"If you knew," he said, "that 'Big Jim' Gallagher had confessed to a whole body of crimes—dirty crimes, had confessed that he was a perjurer, had confessed that he was an informer, would you, if you met him on the street and he spoke of a friend of yours, consider what he said? You would not send a dog to the pound on his testimony, much less a man who has his life, liberty and honor at stake. You cannot convict a man on the unsupported testimony of an accomplice. The law will not permit it. Nothing is dearer to a man than his liberty. When this is endangered, he will swear falsely to keep from going to the penitentiary. Many innocent people lost their heads during the French revolution on the testimony of informers, and to think that the informer in this case is an Irishman. The Irish people hate an informer."

Several members of the jury are said to be of Irish extraction. In the case of Cross vs. E. & N. Railway Company, an action for damages by a man who lost his leg last fall on the track near the city boundary, a date for trial was fixed this morning by Mr. Justice Irving on application of R. C. Lowe. The case will come up on or about June 28th. For the company H. H. Shandley secured an order for a special jury.

A local business firm was charged in the police court this morning with a technical breach of the plumbing by-laws on the information of Plumbing Inspector Herbert F. Shade. J. A. Aikman appeared for the defence, and W. H. R. Moore, instructed by the city solicitor, acted for the prosecution. The case was that the firm had made plumbing connection on their Government street premises without first obtaining a license from the inspector. The connections made were two wash basins on the third floor. For the defence Mr. Aikman held that the act did not apply to a corporation, as it read "any person," and the firm being a corporation and not a person would be exempt. On the representation of the defendant's solicitor the magistrate reserved his decision until tomorrow morning.

Capt. McGrath, the territorial band master and inspector of Salvation Army bands in Canada, arrived in the city on Friday and was heartily welcomed by the officers and local band. The Captain was expected here in April, but a long illness prevented him from keeping his appointment. His duties are by no means light, as in addition to his official inspection of the condition of instruments, music books, etc., he conducts a course of instruction lasting from a week to a month. Through the kindness of Band Master Rogers and the city band, who have donated the use of their practice room, it has been made possible for the Salvation Army band in Victoria to have at least three lessons a week without disturbing the week-night religious meetings. Capt. McGrath expects to be here about two weeks, and it is expected that the musical proficiency of the band will be greatly improved through his visit, as he will assist Band Master Nicoll in placing both instruments and players to the best advantage.

AIRSHIP TESTS AT PETAWAWA CAMP

Baldwin Will Conduct Trials With Model of the Silver Dart.

(Special to the Times.)
Ottawa, June 15.—The first Canadian experiments with airships for military purposes will be made at Petawawa camp shortly. Percy Baldwin, a University of Toronto graduate, who has been associated with Dr. Graham Bell in the successful flights of the latter's aerodromes at Baddeck, N. S., arrived at Ottawa this morning and will proceed to Petawawa to make arrangements for conducting trial flights at camp with a new model of the famous Silver Dart. The model will be shipped to Petawawa under an arrangement with the militia department.

DEATH OF SENATOR THIBEAU.
(Special to the Times.)

WEDDED AT TORONTO.

Toronto, Ont., June 15.—Few Toronto weddings have caused the interest manifested in the marriage of Miss Eallien Necora Melvin-Jones to Rev. T. Crawford Brown, solemnized this afternoon at half-past two, in St. Andrew's church. The bride is the only child of Senator Lyman Jones and the groom is the minister in charge of St. Andrew's. The church was crowded to the doors with a brilliant assemblage of guests and friends while the streets outside were lined by interested crowds. Miss Louise Manning, of the Soo, and Miss Dewa Davis, of Vancouver, were bridesmaids.

WHITE CREW FOR STEAMER GEORGIA

Chinese Found to Be More Worry Than They Are Worth.

Steamer Georgia, which is in dry dock undergoing repairs, will leave on Thursday night or Friday morning. Her Chinese crew has been all paid off and a white crew is being signed to fill their places. The reason for getting rid of the Chinese seems to have been the difficulty in keeping them from deserting when in British Columbia ports. The Chinese sailors are usually signed on at Hong Kong, or at any rate they are men who have not paid the \$500 head tax. If they desert while in British ports the owners of the ship have to pay the \$500, which comes rather expensive. A few days ago three Chinese deserted from the Georgia just after a number of their countrymen had been paid off and sent home. This cost the Canadian-Mexican people \$1,500. As the steamers are so often in port it is extremely difficult to see that the men do not desert. Most of the big liners when signing a Chinese crew make them give bond for their remaining aboard. When this is done they seldom desert as their countrymen have a way of following them up which makes it not worth their trouble to get away. The Canadian-Mexican liners did not do this and hence the trouble.

SUVERIC COMING.

Over Thousand Tons Freight for British Columbia Ports.
Steamer Suveric, of the Andrew Weir line, sailed for Victoria on Monday the 14th instant, and is due to arrive here about the last of the month. She is bringing over a thousand tons of freight for British Columbia ports. Of this 450 tons is for the C. P. R. under the working arrangements by which the line is handling the surplus freight for the railway company. Of the C. P. R. freight 350 tons goes overland.

A quiet wedding was solemnized at 7 a. m. in the Roman Catholic cathedral, when Mr. Ernest Goerg was united in marriage with Miss Ida Vogel, the Rev. Father Brabant officiating. The bride is a sister of Mrs. Berlinger, of the Olympus cafe, on Yates street, and a wedding breakfast was served there immediately after the ceremony. The young couple will reside in Victoria.

SAYS TARIFF WILL PROTECT MONOPOLIES

Oklahoma Senator Denounces Custom of "Hazing" New Members.

Washington, D. C., June 15.—That the United States senate is controlled absolutely by Senators Hale, Frye, Aldrich, Gallinger and Lodge, was the charge voiced yesterday from the floor by Senator Owen of Oklahoma. He deplored what he termed the common custom of "hazing" new members, and stated that every man entering upon his senatorial duties is made to feel that he is not a peer of the powerful five.

Owen's charge was made in the course of a speech in which he scored the Aldrich tariff bill and the men who prepared it. He referred to the failure of the finance committee to furnish information regarding the cost of production in the United States and abroad, and for refusing to permit the Democratic members to help frame the bill.

Continuing, he branded the bill as a measure to protect monopolists at the expense of every class of consumer. He declared his unalterable intention to cast his vote against its passage.

With the approval of the finance committee, the senate reduced the amount of filled tobacco that may be brought free of duty from the Philippines, from one and a half to one million pounds. The number of cigars to be admitted under the same conditions was reduced from one hundred and fifty millions to seventy millions.

MRS. GOULD BREAKS DOWN IN COURT

Cries When Witness Declares She Was Frequently Intoxicated.

New York, June 16.—For the first time since the hearing of her suit for separate maintenance began, Mrs. Gould broke down and cried yesterday when Alfred Richards, steward of the Pullman Car Company, formerly steward of the Castle Gould, testified that he had frequently seen her intoxicated. Richards said he sent much liquor to Mrs. Gould's room and that at one time she remained in her room for two weeks, consuming during that time seven bottles of brandy. He said that he served cocktails for her in the morning, whisky at noon and brandy at night.

Richards said that Mrs. Gould used profane language to employees of the castle and once slammed the door of her room in her husband's face, shouting so the entire household could hear: "Get out of here, you damned little hound."

He related an incident when she abused workmen at the castle, and swore that she was intoxicated at the time.

Under a rapid fire of questions, Richards admitted that some of the statements made originally in his affidavit were untrue.

BRIEF COURSHIP

California Mine Operator Will Wed Stenographer in New York.

New York, June 16.—Business letters dictated by James R. Wilkinson, a California mine operator, to pretty Miss Virginia Sullivan, a stenographer at the Plaza hotel here, proved to be love letters and the couple yesterday announced that their rapid fire courtship would culminate in a wedding next Friday.

Wilkinson met Miss Sullivan for the first time last Wednesday, when he had some letters to dictate. The girl's accuracy, speed and good looks attracted his attention and for the next few days the amount of correspondence to the mine operator had to attend to was wonderful to behold. He spent the greater part of his time near the stenographer's desk, and Miss Sullivan's income was increased materially. Finally Wilkinson, knowing that he must soon return to California, proposed to the girl and was accepted. Miss Sullivan's home is in South Bend, Indiana.

MADE-BRIDE PAY FOR HER MEALS

Complaints Made by Atlanta Woman Who Begins Action for Divorce.

Atlanta, Ga., June 16.—Parimony that would startle the most ardent disciple of rigid economy, is charged against A. Lee Douglass, worth half a million of dollars, in suit for divorce brought by Mrs. Emma Neal Douglass. Mrs. Douglass is worth in her own right some \$200,000, and in view of the combined resources of the couple, believed they should live in comfort.

In the complaint Mrs. Douglass alleges that during her honeymoon trip—her husband compelled her to pay for every meal she ate. He presented bills at the end of each month, she further alleged, he would permit but one light to be used in the house at night, and objected if the servants were given anything more than bread to eat.

LIVER AND STOMACH WRONG

INDIGESTION, BAD COLOR, PALE, FATIGUED.

Those Oppressed by Palpitation and Heart Pains Will Find Interesting Facts in This Article.

The following letter is printed with the hope that it will show a clear road to health to those who suffer the pangs of indigestion and weak stomach.

"I am anxious to send the message of hope far and wide to all who are in poor health, as I was a year ago," writes Mrs. Ernest F. Gomez, from Meriden.

"For years I have had a weak stomach and have experienced all the distress caused by indigestion. I may say that the heart pains, watery risings, pressure of gas from fermentation at times almost drove me wild. For a time I could scarcely eat a mouthful without causing myself endless misery; I could not sleep well, my color was fearful, dark circles under my eyes, 'bad dreams,' etc."

"As a last hope I was persuaded to try Dr. Hamilton's Pills of Mandrake and Butternut. As I persevered with this treatment my appetite gradually returned, and I began to relish my meals. My strength slowly returned, the headache and chest pains grew less severe, and at last I began to look my old self again. Dr. Hamilton's Pills still because I find as a system regulator and health-supporter no medicine is equal to them."

The same medicine that so wonderfully restored Mrs. Gomez will also cure you, 25c. per box, or five boxes for \$1.00. Beware of substitutes. By mail from The Catarthozone Company, Kingston, Ont.

BEGIN SUIT FOR MINING SHARES

Minority Stockholders Seek to Gain Control of Nevada Corporation.

San Francisco, Cal., June 16.—Minority stockholders in the Comstock-Golden Gate Mining Company, operating gold properties at Virginia City, Nev., have started suit to gain control of the affairs of the corporation. Ellis Morrison, former mayor of Seattle, and Charles Felts, a Seattle alderman, appear as plaintiffs in the suit which is against the directors of the company, among whom are L. P. and J. C. Larsen, prominent mining men of Alaska, and L. C. Smith of Syracuse, N. Y., president of the L. C. Smith Typewriter Company.

The suit is to gain possession of 425,000 shares of stock in the mining company, which is now held in trust by the Federal Trust Company of San Francisco. The plaintiffs allege that the directors, at a meeting held in Seattle last December, promised to sell the minority stockholders these shares for \$50,000 as a compromise of former difficulties. This stock would place the men who are now in the minority, in control of the majority of the shares of the company.

The complaint alleges that after the stock in question was placed in the vaults of the trust company they sent an agent here from Seattle to complete the deal. This agent paid \$2,000 to bind the agreement and the plaintiffs now demand that they be allowed to pay the remaining \$48,000 and take possession of the stock.

The mining company is a million dollar corporation, the par value of the shares being one dollar.

ONLY TABLE FOR DAUGHTER.

Newark, N. J., June 15.—A dining-room table valued at \$115 is the sole bequest made to an only daughter in the will of Mrs. Frances Hartley, the widow of a millionaire gun manufacturer, probated here. More than \$1,000,000 is distributed among other relatives and friends and several bequests of from \$1,000 to \$5,000 are made to servants. No reason is given for the cutting off of the daughter, Mrs. Helen K. Jennings, of Madison avenue, New York City.

MANY TEACHERS ARE COMING TO VICTORIA

Educational Association Meeting Will Be Well Attended This Summer.

Inquiries are coming in from eastern teachers who are intending to take in the Dominion Educational Association meeting in this city. David Wilson, who has charge of the information bureau is just beginning to get busy answering communications in regard to hotels and boarding houses. Some parties write asking for accommodation to be secured for them, while others simply want to know. From the inquiries already in it is expected that a very large number will be here, and that the event will be a very important one.

Arrangements have been almost completed for the charter of the Princess Charlotte to take the members of the association on a trip to view the fish traps. A reception will be held on the opening evening at the parliament buildings when the association will be formally received by the provincial government, and the excursion will take place on the following morning.

The work of preparing the exhibit is well under way. A large part of it will be hung in the Assembly hall, Fort street. A large exhibit is also being sent from Winnipeg and other centres, which will be mounted here and set up by the local teaching staff. The growing importance of British Columbia and the general movement in the west is having a great influence in bringing teachers to attend the gathering. Special rates are being given by the railways, and everything points to this gathering being the very best in the history of the association.

ECZEMA CURED IN SIMPLE WAY.

No More Dosing the Stomach—Cure The Skin Through the Skin.

When you have a scratch on your hand you wash it out and cleanse it, and then the skin cures itself. You never think of dosing your stomach for eczema.

The best skin specialists to-day are agreed that the only way to cure eczema and similar skin diseases is through the skin, for statistics show that nearly all eczema sufferers are perfectly healthy in all other ways except as to their skin. If the eczema patients were really suffering from an internal malady, needing an internal remedy, the entire body and not the skin only, would be diseased.

You can prove immediately the relief of a true skin cure by using oil of wintergreen as compounded in D. D. D. Prescription. This liquid kills the disease germs, while toning up the healthy part of the skin.

RUSSIAN DUMA.

Prorogued Until October—The Work of the Session.

St. Petersburg, June 16.—The Duma has suspended work for the summer, having been prorogued by imperial order until October 23rd. The results of the session, although not reaching the expectations at the beginning, include the passage of a number of important bills and examination of the budget, which was finished only last week.

The Duma has regulated peasant land holdings, through a bill providing for the dissolution of the communes which is regarded as the most important work of the Stolypin administration. Other laws passed include the religious toleration bill, and a bill to reform the judicial procedure, permitting an accused person the right of counsel at the preliminary investigation. Chief among the host of minor bills, one penalizing the "white slave" traffic. The close of the session sees the October party again compact and united under the leadership of M. Guchkov.

Although during the concluding weeks of the session, sharp variances of opinion with regard to Premier Stolypin developed, all indications point to a renewal of the co-operation of the Duma majority with the administration on the resumption in the autumn.

"PROVINCIAL RIGHTS BLATHER."

It is always interesting, and sometimes profitable, to take tent of ourselves through the medium of a reflection cast by the eyes of others. As we all know, the question of provincial rights has occupied a very prominent place in the political repertoire of the present dominant party in British Columbia. And as all students of the political history of Canada know, Sir Oliver Mowat, who was Premier of Ontario for about a quarter of a century, was the original champion of provincial rights. Sir Oliver had many a joust with Sir John Macdonald, doughty Tory champion of centralization, over the rights of the provinces as opposed to the assumed rights of the Dominion, in every one of which Sir Oliver proved triumphant. Hence the great Ontario Liberal was dubbed by his less gifted opponent (as far as constitutional questions were concerned) as "the Little Tyrant." But Sir Oliver really warred against tyranny, practically establishing for all time the lines where federal jurisdiction ended and provincial jurisdiction commenced.

There is no doubt whatever that the success of the late Premier of Ontario in his championship of the rights of the provinces inspired the Tory Premiers of British Columbia and of Manitoba to wage a spluttering, guerrilla warfare upon the present federal government. But the difference between the position of Sir Oliver and the positions of his weak imitators lies in the fact that the former had real grievances to redress, while the grievances of the latter are all trumped-up—superficial or artificial. Sir Oliver Mowat never lost a case in which he appeared against the Dominion; Premier McBride never won one. The Hamilton Times in the following article deals clearly and forcibly with the pretensions of these bombastic, insincere and shallow gentlemen, the so-called champions of provincial rights in British Columbia and Manitoba:

"Patriotism," we have been told by one who had studied the breed, "is the last refuge of scoundrels." The world concedes a good deal of truth to the saying. Certainly it applies with full force to the present politicians who seek to strut before the gallery by playing the role of the provincial patriot "defending" their province against imaginary assaults by mythical enemies or provincial rights. The performance has been carried so far that it hardly ranks as farce-comedy now. And still some opposition organs, lacking substance for complaint against the Dominion government, prattle on about it in a manner which exposes their utter ignorance of our constitution and its history, or their shameless lack of principle and their desire to deceive their readers. A short time ago a British Columbia provincial Tory government undertook to invade the federal sphere by legislating as to immigration, and great was the howl! It raised when it was not allowed to have its fling. The British Columbia courts unanimously held its legislation to be ultra vires. A difference also arose as to fisheries regulation. The courts have so far held that the federal government was within its powers and that the provincial government was wrong. In every case that has been the subject of dispute the federal government has been sustained by the courts, when the question has come before them, and when it has not, its action has been on lines of judgments already rendered by the highest court in the realm.

Provincial rights are properly defended; provincial wrongs are quite another matter. The Liberals fly the flag of provincial rights and are the real champions of the principle. But when a provincial government attempts to usurp the powers reserved to the federal authority, to defy federal policy, or to use the term "provincial rights" as a partisan catch cry, it is guilty of the worst kind of disloyalty to our country's constitution. A local Tory contemporary last night suggested a combination of Tory provincial premiers to fight against the federal authority and policy, making their watchword "provincial rights." An amusing part of its proposition is its advancing as a reason for this fool suggestion the fact that the federal government has been sustained by the courts in these very British Columbia cases! The disingenuous organ alleges that Manitoba is being made to suffer because she will not submit to Ottawa dictation in the matter of the boundary award—boundary award is right! A partition of some unorganized territory has been proposed. Laurier called into consultation the premiers of the three provinces among which the territory was to be divided, and the division proposed was satisfactory to all but one. That one would not be satisfied for party reasons. Ontario does not think she got too much, yet Robin would still grab more of it. And the local Tory organ pretends to think the question of provincial rights enters into it, and that Manitoba has not got enough—in other words, that Sir Wilfrid has given this province too much!

As a matter of fact the principle of provincial rights has been passed upon by the Privy Council and pretty clearly set forth. It is not a new thing, as kindergartners have yet to learn. In matters of policy the Dominion must be supreme. In local matters the provinces must be left to deal with subjects within their power with as little interference as the reasonable working of federal policy will permit. In matters reserved to the federal authority the provinces must not meddle. The less must be within the greater; the part cannot be permitted to rule the whole.

Perhaps nothing has caused so much discussion on this question as the matter of railway control. Sir John A. Macdonald found that as railways amalgamated and became lines connecting provinces and extending into a foreign country, they became necessary to be controlled by the federal power. He passed an act providing that as soon as a provincial road joined, or even crossed, one under federal control, the entire road should be declared "for the benefit of Canada," and pass out of provincial jurisdiction. The Tories raised no howl about that being an invasion of provincial rights. It remained for a Liberal government upon coming into power to modify that sweeping legislation so as not to strip the province of all control of railways. And yet the same Tories now affect to regard as an invasion of provincial rights legislation by the Dominion in regard to a railway connecting provinces and touching a foreign country; and treat as an outrage federal regulation of international and national streams—which none but the federal power can deal with!

What a pitiful lot of partisan fakirs trying to trade upon ignorance and gullibility!

THE RIGHT KIND OF EXAMPLE.

The Ogilvie Milling Company, an important, wealthy and influential corporation employing a large number of men, has set a splendid example to other Canadian institutions. Its manager, Mr. Thompson, has decreed that every one of the employees of the company belonging to the militia shall have an extra week's holiday during the year. It appears that as in Victoria so in other portions of Canada the majority of employers have fallen into the habit of discouraging young men in their service from joining the militia. The banks are said to be the only institutions which have looked with favor upon their employees serving terms in the defensive forces of the country. The result has been that in large cities the experience of officers has been just what it has always been in Victoria. During the busy season of the year it has been impossible to secure a respectable muster of men except upon Sundays or national holidays. But here, we are pleased to observe, the Board of Trade has been induced to take action, with the result that employers are beginning to take a new and broader view of the militia. As the Canadian Courier aptly points out, military service such as we have in Canada is a form of self-improvement, self-sacrifice and wholesome discipline which should be encouraged in a country where the duty of national defence is almost wholly in the hands of citizens. It is important that every young man should have the training which can only be gained by serving three or six years in the militia. It is likely to prove of great value to the young man himself; it may prove of incalculable value to the country. Without any intention of forcing the views of so-called war lords upon the minds of peaceable-minded persons who hope that never again shall the tocsin of war be sounded upon this continent naturally inclined to reap nothing but the

benign fruits of industry, we commend the foregoing observations to all our young men and their employers.

The parent Tory organ in this city has discovered that which has long been sought by the toll-worn sons and daughters of men—a royal road to affluence and ease. It advises such of its readers as have earned a week's wages to go up and invest the complete contents of the envelope upon the chances of a certain horse at the race track. Those who follow this wholesome advice are sure to win, of course. Then they can come back and pay the bills of the grocer, the butcher, the tailor and others engaged in the prosaic occupations of life, and still have a handsome surplus to "come and go on." What puzzles us in connection with this matter is how the poor, "easy-money" bookies contrive to live and pay their way. They ought to institute an action for damages against the newspaper which is daily proving to the public how easy it is to beat them at their own game. Some one has suggested that the paper and the "business end" of the race meeting must be in partnership, but the absurdity of such a proposition is manifest from the fact that the one is daily telling the public, from which the profits—if there are any—must be derived how the other may be beaten.

A contemporary has unearthed some ancient correspondence which it appears to think has some bearing upon the controversy about the Songhees Indian reserve. In reality it has nothing whatever to do with the case save to establish the fact that Sir James Douglas was quite as determined then as the Dominion government is now to keep faith with the Indians and to safeguard them against the wiles of anyone who coveted their lands and possessions. The ideas of Sir James were all subsequently incorporated in the treaty or agreement—whether it be called a treaty or an agreement it must be held equally sacred in the eyes of all just men—entered into with the chiefs of the various tribes. If the Colonist has a desire to throw some really valuable light upon this matter of the Songhees Reserve let it publish some correspondence of a more recent date—say the communications which have passed between the Dominion government and the provincial government or between the parties representing the Dominion government and the parties claiming to represent the Indians and to be anxious to secure a settlement of the matter.

The National Review, the war scare organ of the British Opposition, declares now that "it is sad to see Englishmen making such egregious fools of themselves as some of them have done during the last month" of air ship terror. It admits that "the scare was mainly a shav" invented by an imaginary press," and it approves of Lord Northcliffe's timely rebuke from Berlin in which he says that "accounts of phantom German airships alleged to be perambulating England and the North Sea" are placing England and Englishmen in a ridiculous and humiliating light before the German people.

"Who owns the earth?" asks a contemporary. Well, the ownership of this part of it is fairly well established. In Europe the conditions are not quite so stable. Our neighbors in Germany and in countries akin thereto seem to believe there is a possibility of changing some of the national boundary lines. But there are others who will have something to say about that.

CITY SUPREME
IN DOING WORK

(Continued from page 1.)

Mr. Taylor pointed out that the council had initiated a work of paving Rockland avenue with tar macadam, but this was petitioned against and stopped. "Another by-law" was then drawn up, under which the street was macadamized, and now certain ratepayers sought to have it declared that this was not the work they desired done. The position taken by the city was that there was no ground whatever for the action, that the municipality was vested with authority to determine these matters, and that there could be no appeal to the courts by ratepayers unless there had been fraud or misappropriation. Urban municipalities were different from rural municipalities in regard to local improvements in this respect, that before any work was done in country districts an agreement was reached, and there was a court of revision held. Mr. Taylor suggested that probably this was because the members of rural councils were not so amenable to their constituents as in cities.

His lordship, who in a private capacity as a property owner on Cook street, has had some experience with Victoria's council, inquired whether it was suggested that urban councillors were amenable to their electors. "They are too amenable sometimes," the city barrister replied. "Instead of being independent, each man has something whispered in his ear, and if they pay attention to all they hear thus it results in a tangle." Mr. Taylor cited British, Canadian and New York decisions in support of his argument that councils have absolute control of expenditure, that they cannot delegate their power and therefore could not accede to the wishes of two or three owners out of forty-one as to methods of administration. Once they had jurisdiction their authority in carrying out work was absolute. In support of this he quoted the decision

in Mrs. Cameron's case, arising out of the extension of Birdseye Walk. Mr. McPhillips contended that the plaintiffs had a right to object if what they got was not what they were supposed to be getting. Macadam, as a road material, had a well-known meaning, and the paving on Rockland avenue did not comply with this, nor even with the city's own specifications. If work done did not satisfy ratepayers, surely they had a right to appeal to the courts. It could not be contended that the legislature intended to place citizens in the position where a council could do as it pleased, assess them for the cost of works and they be helpless.

"I think the plaintiffs have made a mistake in the way they have brought action; in the manner of taking their remedy," said his lordship in giving judgment. "The case comes before me on a question of law, and I have to determine whether the point raised by the defendants in paragraph one of their defence is good. I think that paragraph sets out the correct position of a municipality according to the principles of municipal government established by the Municipal Clauses Act. The jurisdictional pre-requisites having been satisfied there is no excuse for any person from the assessment for work done in a case of this kind, and no person can interfere with the corporation in the way it is doing the work. The details of the work are controlled entirely by the corporation and its officials."

"It is to be remembered that this is not a contract between these people and the corporation. This is a work being done by the corporation for the good of the citizens at large, the payment for which is imposed in part on the citizens at large, and in part upon those persons who are supposed to derive a peculiar benefit from the work being done in front of their property. So far as I can see, the remedy for one who is in the position of plaintiffs is one that can only be sought by applying to the ratepayers at the time of a general election. I think the question must be decided in favor of the defendants."

A question arising as to the main action, his lordship said he found no case against the city, dismissing the action with costs, but granting a stay of execution until the next sitting of the full court, at which an appeal can be heard if the plaintiffs desire to appeal.

WEEKLY REVIEW OF
CHARTER MARKET

Charterers Are Wary in View of Fact That Plenty of Tonnage Offers.

Since the chartering of three steamers to load new crop grain, the market has settled down again into a state of absolute quiet, says the Commercial News of San Francisco. Crop prospects in the Pacific Northwest are unusually bright and a bumper yield is expected, but a large amount of tonnage has already been engaged and the prospect of plenty more when needed naturally keeps charterers wary.

Little lumber chartering is going on. The liner Arabia of the Portland and Asiatic line on her last trip outward secured a full lumber cargo for Shanghai at 2s 6d on deadweight, and the liner Rydia on her first trip in the same line has secured a full lumber cargo for Manila. The steamer Willenden has been taken for lumber to Adelaide. These fixtures, with a couple of small coasters on Mexican account, comprise the week's business on offshore account. Coastwise business continues dull, the latest fixtures showing a rate of \$2.25 from the Sound to this port for steam schooners.

Offshore rates are quoted approximately as follows: Lumber from Puget Sound or British Columbia to Sydney, 20s@22s 6d; to Melbourne or Adelaide, 35s; Port Pirie, 35s; to Fremantle, 35s 6d@40s; to Japan ports (steamers), 35s; Callao, 35s 50s@40s; direct nitrate ports, 35s@40s; Valparaiso for orders, 40s@42s 6d; 2s 6d less to a direct port; to South African ports, 50s 6d@52s 5d; to U. K. or Continent, 50s 52s 6d; Guaymas, \$5.00; Santa Rosalia, \$5.50; Honolulu, \$5.

Weddel, Turner & Co.'s Australasian freight report, dated London, May 26, says:

West Australia—Two July steamers fixed to Karachi at 20s per load, and an early boat on time charter for a voyage home via New Zealand, delivery.

"TOO MUCH JOHNSON."

Farical Play Is Presented at Victoria Theatre This Week.

The Edmund Gardiner company presented another great play at the Victoria theatre last night. "Too Much Johnson" was the bill and it is a farce of the most amusing kind. Absurd situations, ridiculous misunderstandings come thick and fast and keep the audience in roars, especially in the second and third acts. H. K. Houston made his first bow to a Victoria audience last night as Augustus Billings. The calm, dexterous, even if occasionally incredibly, way in which Billings time and again extricates himself from his rapidly recurring troubles, brings down the house. The truth is not in Billings, but his nerve is always there.

Bennett Southard, as was expected, gave another splendid performance in the title role. Johnson, the truculent Cuban planter, adds another to the long list of successes gained by that clever young actor. Charles Vernon was again very clever as the jealous Frenchman. His dialect and make-up were splendid, and in some ways it was the cleverest thing Mr. Vernon has done here. Orrin Knox was too funny for anything as Mackintosh, and Messrs. Marriott and Holmes were again good.

As usual the ladies were above criticism. Miss Brook made a very handsome Mrs. Billings, and Miss Gilbert was delightful as ever as Miss Faddish.

It is a screamingly funny play of just the kind to catch and hold an audience. It ought to draw well all the week.

WILL BUILD SCHOOL ON LEIGHTON ROAD

Board Selects a Site—Tenders Called for Moss Street School.

It was decided by the school board, at a special meeting last evening, to purchase a site for another school, to serve the needs of the eastern portion of the city. On the recommendation of the buildings and grounds committee a property on Leighton road, near Bank street, will be purchased, the price being \$2,400. The board not having funds available for anything but maintenance, the city council will be asked to provide \$1,500, the board to make the amount good out of the current appropriation for maintenance.

Trustee McIntosh urged the purchase of a site in Oaklands, to serve a rapidly-growing section in the northeast portion of the city, and this will be considered later.

As there is less money available for repairs than there are repairs to be made a report was submitted from the buildings and grounds committee as to the work which is imperative. During the summer vacation \$2,200 will be spent on repairs and tenders will be called for the work at once.

The board considered the plans for the school on Moss street and adopted them, instructing J. C. M. Keith, the architect, to call for tenders, each trade separately, as well as for the heating and ventilating plant.

Superintendent Paul made a confidential report on the teaching staff in the several schools under the board, and after being considered this was referred back to him for action.

Robin Hood Flour, Canada's Newest Greatest Flour, Continues to Grow in the User's Favor

"ROBIN HOOD FLOUR" started out well. It made an immediate impression by its "goodness," by the amount of bread it makes in comparison with other flours, and by the sweet, mealy flavor of the loaves made from it.

When you are using add more water than with the flours you formerly bought. Then note the result. You get more bread, of more nutritious quality.

We are sending our staff of "Robin Hood" girls to every home in Victoria to let you know something about this wonderful, satisfying flour, to tell you why it has been so sensationally successful, and to get your order for a trial bag. Be sure and give them an order. It will prove its value. And Robin Hood Flour is sold under a positive guarantee. Your money back if not satisfied after two fair trials.

Every woman in Victoria ought to be using ROBIN HOOD FLOUR now. If you haven't tried it start now. Order a bag the next time you buy flour. You will certainly be delighted with it. And remember that "this DIFFERENT flour" is always guaranteed.

The Way of To-day
The Semi-ready Way

If you really believed that you could get better clothes—delivered to you the day you want them—better tailored and designed—better fitted than the retail tailor can fit you—then you would adopt the way of to-day: The Semi-ready way.

How can you tell, if you don't try? Better still, ask a Semi-ready customer. There are thousands of them—regular customers—who will cheerfully say: "We'd never wear anything but Semi-ready."

NEW RECORDS ON WILLOWS TRACK

SOME CLOSE RACES
WERE RUN YESTERDAY

Results of Events Which Were
Pulled Off at the Meet
Yesterday.

Day Star, E. C. Blum's five-year-old chestnut gelding, carrying 115 pounds, put up a track record yesterday that will take a whole lot of beating, 1:50 1-5 for the mile and one-sixteenth. This is one second faster than Mattie Mack's

run over the distance on Wednesday. The race was easy for the big horse, which went to the post a three to two favorite, and galloped all the way taking the front position at will and winning with a lot left. My Pal, second, has previously had a couple of runs, but has never been near the money. Benvolio was the surprise of the race, however, closing 3-1 to show, and only losing second money by a head. Many near the post thought Dundas had landed a second purse, but the judges' verdict was universal for the Engstrom horse.

The shortest price of the meeting was a winner in the five furlongs. Buccolic, starting 11 to 20 without place or show money certainly ran the race of the day and ran to win. With two lengths to the bad at the back stretch, Alarie brought the horse forward inch by inch, gaining slowly but surely on Herives. The race up the straight was the hardest seen at the Willows. The two leading horses fought head and head for the front, with Irish Mail, an even money show, coming on like a

thunderbolt to beat them for the pride of place. The horses finished in the order named, with a head covering all three. Alarie got the great big cheer on returning to the stand to weigh in. The race was two-fifths slower than the record, and if the winner had got away first instead of fourth there would have been another record smashed. As it was the mile record had two-fifths cut from it when Captain Burnett 3 to 1, left Altamora, the favorite, and the field, and cut down time in every stride, after running into the lead at the first furlong post. The record formerly was Ed. Ball's in 1:43. Johnstown for second and Fredonia third separated the positions by half a length, the second horse forging ahead just in the final ten yards.

Metropolitani had a pick-up in the first race, four and a half furlongs, and made a procession of it. The fight was between the favorite, Ketchel, and Miss Picnic for second and third. Ketchel appeared the place horse all the way till the final spurt, where Miss Picnic developed a final burst of speed that put her a length and a half to the good. Metropolitani, closing at 3 to 1, had plenty of backing in the last few moments, after she widened in the betting from 6 to 5. Ketchel, which has been touted as a winning horse for two days, was heavily backed.

Titus, first over five furlongs with plenty to spare, carried a pile of good money at 3 to 1, nor were his backers disappointed. Rose and Cherry made a gallant run, but the mare was not fast enough to beat the pace of Titus home when that horse took the lead at the back of the stretch. Wilmore was third and both second and third horses were surprises. Rose Cherry closed at 10 to 1 a place and Wilmore 50 to 1 a win and six to show.

Emma G. befriended a bunch of sanguine backers in the last race, and went flying over seven furlongs in 1:20, but second behind the record. Many thought it was Mattie Mack's race and, on form, the Harry Mack horse looked a winner. Bumping with Sophomore at the start, however, threw the record breaker off her stride and Alarie kept Emma G. on Sophomore's flanks till coming into the stretch, where she cleared away and finished a length ahead. Mattie Mack, driving at the finish, pushed her head in front of Sophomore which was taken by surprise, otherwise could have been a few inches ahead.

There is a dog under the stand at the big stall that won't be made a pet of hurriedly. He, however, gave the Buccolic tip and canned money for two backers. A man greeted the dog with a flick in the face with a programme and the pup snapped his head into it. There were four holes in it where the teeth caught the paper half an inch from the holder's hand. "That's a lucky four," he remarked as he saw Buccolic number four on the programme. His bet played on the hunch made more than car fares for the meeting.

The club is extending the betting ring. An addition is being built out to make it twice as large. This will be appreciated by all the men on the course and give more room to the crowd.

It will be ladies' day to-morrow and Derby day on Saturday. To-morrow the Victoria Country Club will present a Derby day souvenir to every purchaser of programmes. Saturday the Derby purse containing the big money of the meeting will be presented to the winning jockey from the judges' stand by Miss Fraser, daughter of George Fraser, vice-president of the Victoria Country Club.

Hiram Johnston has confessed. Yesterday he admitted the desperate characters seen by Oak Bay residents picking clams on the beach were working under his personal direction. Hiram Johnston had in view a chicken dinner. He possesses a ticklish palate for roast chicken stuffed with clams. No one in the world can cook better chicken than Hiram, he says. Hiram has charge of all the colored help on the course, and to keep them busy he sends them out in the morning to catch the Sunday dinner clams. There is a big chicken dinner coming off Sunday at 1 o'clock.

JEFFRIES AND BERGER

BOX SIX ROUNDS

(Times Licensed Wire.)
Pittsburg, Pa., June 15.—When he appeared here last night to give a six-round boxing exhibition with Sam

Jeffries, Jim Jeffries received a great ovation.

In response to demands for a speech before the bout, Jeffries said: "I can't say any more than the newspapers have said, but when the right time comes I will deliver the goods."

The rounds of the bout were short, averaging a little less than a minute each. Jeffries did the leading and delivered practically all the blows, Berger taking the punishment.

Jeffries appeared to have lost a great deal of weight, but was still heavy. He was extremely fast on his feet, however, and very quick with his hands.

There are lots of good cigars that smoke well for a while—until they're about half smoked.

The difficulty is to find a cigar that will smoke with the same uniform flavor from start to finish.

It's this uniformity of flavor from beginning to end which makes a Prince Rupert cigar such an enjoyable smoke.

SPIRIT II. WINS

FIRST OF TRIAL RACES

Outsails the Rival at All Points
Over Fourteen Mile Course.

(Times Leased Wire.)

Everett, Wash., June 15.—Ted Geary's new Seattle-built yacht Spirit II. won the first of the trial races with the yacht Rival, of Everett. The Seattle speed craft practically established her right to challenge the Alexandra, of Vancouver, for the international trophy by outsailing the Rival at all points. In a light and variable wind, the Spirit II. hopelessly distanced the Everett boat, winning over the 14-mile course out of Everett harbor by a good two miles and a half. Her performance left no doubt in the minds of those who saw the race that Geary has designed a yacht speedier than the Spirit I. in light winds, and the critics who have seen her in previous try-outs with a stiffer breeze say that she is better than the first Spirit under these conditions.

The second race will be sailed over the Everett course to-day and the third in Seattle on Thursday or Friday.

"OUTDOOR CANADA"

The June issue of Outdoor Canada is a splendid specimen of the sort of literature that should go into the hands of Canadians, young and old, at this season of the year. It is an Outing number and the forty-eight pages with handsome colored cover are laden with articles and illustrations that have in them the lure of the open, and the spirit of the great outdoors. Holiday trips are suggested, the experiences of others who have travelled the great green wood ways and the sparkling water routes, are given and the illustrations used simply make one hunger to go and do likewise. The regular departments of the magazine are as usual up to the mark, not the least interesting article being the last of the series from the pen of Prof. D. M. Barton, on athletics. Office of publication is in the Spectator building, Hamilton.

FIVE STEAMERS ENTERED TO-DAY

TWO BLUE FUNNEL LINERS ARRIVE

Spokane Bound North With Many Excursionists—Puebla Leaves.

Five steamers were this morning headed for Victoria and all arrived early. The two Blue Funnel steamers came in together, the Ning Chow outward bound for the Orient and Liverpool and the Antiochus to discharge the cargo which she brought from Glasgow, Liverpool and Hong Kong. Besides these steamers the Spokane called with 14 tourists bound for Alaska on the first of the regular twelve-day voyages; the City of Puebla outward bound for San Francisco, and the Iroquois on the ferry service from Seattle. Four of the vessels tied up at the outer dock and made things busy there for a short time.

Captain Allan, of the Ning Chow, was ill in bed when the steamer left. He suffers periodically from attacks of malaria fever, and just now he is down with it. The steamer has a small cargo, only about 3,000 tons being taken across the Pacific. This consists almost wholly of lumber and whale oil. The vessel is taking two Chinese who have been deported and two Japanese women who were brought out for immoral purposes and who are being shipped back as not desirable.

The Antiochus has about one thousand tons to discharge at this port. This consists very largely of iron and steel which is distributed amongst the Marine Iron Works, the Victoria Machinery Depot, the B. C. Marine Railway Co. and E. G. Prior & Co. She also has 25 tons of paint for the Staneland Co., 12 tons of paint materials for the Staneland Co., 18 tons of marble for A. Stewart & Co., 2 tons of cutlery for the Hickman Tye Hardware Co., 18 tons of alkali soda and 10 drums of caustic soda for Wain & Holland, 5 tons of tin plate and hoop iron for the B. A. Paint Co., 13 tons of borax for the Pioneer Coffee & Spice Co., 10 tons of salt for H. Moss, and 14 tons of window glass for Pilkington Brothers.

Steamer Spokane had to undergo an inspection before being allowed to take passengers from this port. She visits all the scenic points up the Coast, returning via Vancouver, any passengers wishing to come here being sent over on one of the Sound ferry steamers. She took eight passengers from here. While she was in port this morning four valuable rings were stolen from the steamer. A young lady who was wearing them left them in the wash room for a few minutes and on her return they were gone. She notified the house, but without any good result. The City of Puebla had 150 passengers bound for San Francisco. A few of these were from this port.

AMUR TO CARRY MACHINERY NORTH

Many Passengers Arrive From Queen Charlottes.

Steamer Amur returned last evening from the Queen Charlotte Islands and Prince Rupert, bringing a large number of passengers. Among these were D'Arcy Hutton and Mr. Sturdy, two Englishmen who had been up to Kitimaat salmon fishing; E. Cridle, the provincial government architect; F. Bacon, Mr. Wulffsohn, formerly German consul at Vancouver, who has some mining claims at the Queen Charlottes, and who brought down some very fine samples of copper ore from the neighborhood of Lockport. R. S. Redfield, the engineer who is installing the machinery at Selwyn Inlet for the Pacific Coast Fishing Co., came south for the purpose of taking up a large quantity of machinery and other material for the new fishing station. He reports that work is going on very satisfactorily. The Amur when she leaves to-night will take this machinery, and as soon as it is installed the work will commence.

OVERDUE VESSELS.

Insurance on Holt Hill Increasing—Ship Australian Given Up.

Friends of Capt. Hunter, master of the overdue ship Australian, have abandoned hope for the safety of the well known steamer and her command. The long overdue ship, which disappeared while on a voyage from Mazatlan to Sydney, has finally been withdrawn as unsalvageable at Lloyd's. Capt. Hunter was here in the Australian in the fall of 1908. The French barque Marchand de Noailles, which arrived at Queenstown May 22d, was on the overdue list for some time at 3 per cent. She was 12 days out from Oregon when she arrived. The British barque Holt Hill is on the overdue list and her reinsurance is increasing. The Holt Hill left Iquique on December 22d and is now out 12 days. The British barque Hougoumont, which was on the overdue list, arrived safely at Rotterdam after a slow passage from Sydney.

STRIKE BOILING OIL.

Galveston, Tex., June 16.—Oil tappers to-day are working feverishly on a problem confronting them on the farm of M. Zimmerhau, near here, where a flow of boiling oil was struck. Specially constructed dams are being built to hold the product, which is too hot to be handled in the usual way. The strike was made four days ago. For three hours a column of hot water shot into the air, followed by the hot oil. At first it was thought that the heat in the oil was temporary, but the temperature of the product has remained near the boiling point.

FITZPATRICK WILL COME TO THIS PORT

Steamer Taken on Time Charter by Osaka Shosen Kaisha.

According to advices received by the Tacoma Ledger the Osaka Shosen Kaisha is to operate on their run between Tacoma and the Orient, calling at this port. The company has one steamer, the Tacoma Maru, about completed, and the Seattle Maru, under way. The Fitzpatrick will alternate with these pending the completion of the third steamer, the Chicago Maru.

The Fitzpatrick, Captain Hutchison, left Calcutta May 14th for Kurrachee, and is scheduled to leave Yokohama for this port August 14th. She will be the second vessel of the fleet to sail, the Tacoma being scheduled to leave Yokohama July 17th, reaching here August 2nd.

The Osaka Shosen Kaisha line are purely freighters. There is no accommodation for passengers. Only three of the vessels have been laid down so far.

Capit. Gun Club Shoot.

Some exceptionally good scores were made at the competitions of the Capital Gun Club held on the 13th inst. The attendance was large. For the Dupont trophy, the shooters being handicapped according to standing in the percentages list, Leavell and Stevenson tied with 24 birds each. The Nobel prize was carried off by Leavell with a score of 42 out of a possible 50. In a series of competitions which followed these two events, L. E. Leavell made some very fine scores, in one case breaking fifty birds straight, a feat seldom achieved at shoots in which the crack shots of the world take part.

A day or two ago the captain and officers on the steamer Chippewa were assaulted by some drunken soldiers on the way from Port Townsend to Seattle. The soldiers came off second best in the affray and were given in charge on their arrival in port.

Inspection of the regiment will take place as follows:

Company No. 1—Gunlayers at Black Rock, June 17, 18; Lieut. Cockburn, inspecting officer.

No. 2 and 3 Companies—Gunlayers, Macaulay, June 21, 22; Lieut. Cockburn, inspecting officer.

RIGID ENFORCEMENT OF LICENSE LAWS

Mayor Hall Laments Fact that Lash Could Not Be Invoked.

The license of the White Horse saloon on Humboldt street was yesterday suspended for the term of 30 days from date by the verdict of the license commissioners who heard the charge brought against the proprietors, Hans Kelson and Neil Hansen, by Licensing Inspector Handley that the licensees had allowed women on their premises during prohibited hours.

In giving their decision Mayor Hall, chairman of the commission, said he regretted the board had not the power to impose the lash upon men who entice young girls into saloons and supply them with liquor. He intimated that the license regulations must be rigidly enforced.

The case was that on the morning of May 25th Inspector Handley, in company with Constable Duncan, went to the White Horse saloon at 12:30 a.m. and found two young girls, the daughters of respectable people, in a rear room in company with a male companion. They had heard the sound of female voices from the street. The three had before them glasses which had apparently contained liquor.

There was a second charge of selling liquor during prohibited hours. This, however, the board felt was not proved, but held there was sufficient evidence to show the proprietors had been guilty of allowing women on their premises after closing hours. The mayor said the board regretted it had not the power to order the lash to be used on the male companion, and that the regulations must be observed. All breaches for the future will be dealt with with the full rigor of the law.

SOCIAL AND PERSONAL

Mrs. (Dr.) Clemence will not receive again until September.

Mrs. Fred Landsberg will not receive during July and August.

Mrs. A. E. Herbert, of Nanaimo, is making a short stay in town.

Mrs. C. W. Simpson and son, of Chicago, are spending some time in town.

Mrs. O. E. Wheaton, St. John, N. B., arrived in town yesterday and is staying at the Driad.

Mrs. Shelton left yesterday en route for Banff. She was accompanied by her niece, Miss Foster.

Mrs. E. B. Carter returned to town yesterday after a pleasant visit with friends in Nanaimo.

Mrs. Edwin Bailey, Garbally road, will not receive again until the 4th Friday in September.

H. P. McDowell has returned from a visit to the A.-Y.-P. exposition and the Portland rose carnival.

Mrs. O'Keefe left on Friday evening en route for Dawson, where she will make an extended stay.

Charles Fowler Garfield, of Rochester, N. Y., who is making a tour of the coast, is in Victoria at present.

Miss Scarry, of Winnipeg, is among the latest arrivals from the prairie country. She will make an extended stay in town.

Mr. and Mrs. Singleton Wise, who are here from Sanich for a few days, and staying at the Empress, were the hosts of a small dinner and theatre party last evening.

If the weather be favorable the garden fête to be given in aid of St. James' church, on the grounds of Mrs. McE. Smith, to-morrow afternoon will be a most enjoyable social function. A number of well known and popular vocalists including Miss Sehl, Mrs. Harry Briggs and Miss Moss, of San Francisco, will sing during the afternoon, and Miss Summers will exercise her well known skill in palmistry for those who cross her hand with a "bit of silver." Mrs. Kent has kindly loaned a good gramophone which will be enjoyed by all. Strawberries and cream and other refreshments will be on sale, and there will be games for those who care to take part in them. A cordial invitation is extended to all to attend.

The fête to be given by the Daughters of Pity at the Japanese gardens on the afternoon and evening of June 23rd promises to be one of the gayest social events of the season. The young ladies of this popular society are sparing no pains for the entertainment of their guests. They will all wear the uniform of the Daughters of Pity, a white dress, with a red cross, and during the afternoon Japanese ball and other games, together with palm reading and the serving of refreshments, ensure an enjoyable time for all. In the evening a Scotch concert will be given by the choir of First Presbyterian church, under the able leadership of J. G. Brown, the veteran conductor. No admission will be charged for entrance to the grounds, but refreshments of all sorts will be on sale.

CHALLONER AND MITCHELL

1017-19-21 GOVT. STREET

CANADIAN WOMEN SPOILED BY COURTESY

So Declares Ontario Minister—
Will Not Take Off Hats.

"A man meets a woman on the street and takes off his hat to her no matter how cold it is. In the street car he vacates his seat for her, sometimes without even thanks. Men take women to skating or opera, then to supper. The bills may run high, but they do the handsome thing by ladies. She lets them, and sometimes boasts of all that is spent on her. This goes on all the time; then when women are asked to do a simple thing like removing their hats in church for the benefit of the men they get mad."

Thus spoke Rev. W. M. Crewe, of Norfolk Street Methodist church to the Women's Mission Society of the Hamilton conference at Guelph. He compared the lives of women in China to that of the Canadian women, expressing grave fear that Canadian womanhood was being spoiled by courtesies. But few hats were removed in response to the appeal, though the women were manifestly uncomfortable.

NEW GRAND THEATRE

The New Grand theatre this week is presenting for vaudeville patrons a bill that is equally balanced and most attractive in all its features. It is undoubtedly one of the best the theatre has had in a long while.

The Bacon company presents the star act, "An Easy Lie," with all that wit and gentle humor for which Bacon is renowned all along the coast. His representation of the easy liar in the person of the good-for-nothing-way-back individual who does all the work with his mouth, is one of the best pieces of character acting Victoria theatres have staged.

The Ramsay Sisters, the merry musical misses, are an attraction that is certain to continue to draw all the week. The one that knows it all and the other with the chewing gum, give splendid comedy, and the musical selections pleased the two capacity houses again last night. The turn is complete and well carried out, and the encore awarded was well justified.

Gillihan and Murray, the latter as the colored lady, especially, are two of the best kind of laugh-making vaudeville. The petite figure of the person is a surprise as to what man can do in the world of woman.

The mechanical doll act of the Kenmore and the loose wire work of the Kregers, are two strong supports to the bill, making it a bill without a weak act in it. Thomas J. Price with "When the Nightingales Are Nesting, Sweet Marie," and good illustrations, are additions to the five importations good for any kind of vaudeville performance. There will be matinees every afternoon and two shows at night through the week.

MUSIC EXAMINATION

The Toronto College of Music held an examination on the theory of music at the studio, Seaview, Dallas road, on Saturday, June 5th, at 9 a. m. the presiding examiner being the Rev. J. H. S. Sweet. The piano examination will be held at the above studio on Monday next, the 21st inst., at 9 a. m. prompt. Arthur Hakely, Esq., of the Toronto College of Music, acting as examiner. Fifteen candidates will sit for the examination.

Dr. Spencer has just returned to the coast from a local option tour in over twenty towns and reports a growing sentiment among the people on the question. Everywhere, he says, he had interesting audiences and organized a league of new league, and in every electoral district visited, there seems to be a determination to nominate local option candidates on both sides of politics, whether the party caucus approves or not. In the early fall Dr. Spencer will visit and lecture for a week in each of at least ten large centres on the subject of government for the people, by the people, and the advocacy of a local option law.

EARLY MORNING WEDDING AT CATHEDRAL

Mr. J. H. Tienery and Miss Silver Married This Morning.

A quiet but pretty wedding was solemnized this morning at 6.30 in the R. C. cathedral, Bishop Macdonald officiating. The contracting parties were Miss Rose Isabel Silver and Mr. John Henry Tienery, both of Victoria. The bride, who was given away by her father, Mr. John Silver, looked very handsome in a smartly tailored suit of sage green cloth, made in semi-princess style, with blouse of ecru net. With it she wore a very becoming picture hat of burnt mohair braid, having a draped side crown of champagne colored satin finished with a large pearl cabochon buckle and two ostrich plumes, shading from burnt orange to white. She carried a bouquet of bride's roses, and wore a very pretty gold watch and chain, the gift of the groom.

She was attended by Miss Helen Grey, in a pearl grey empire gown, and picture hat of grey satin finished straw faced with pink, and trimmed with clusters of pink roses.

The groom was attended by Mr. Peter Nyland.

The cathedral was very prettily decorated for the occasion with a profusion of white flowers by the "Children of Mary," of which society the bride was president.

Immediately after the ceremony a small reception was held at the home of the bride's parents, "Benue" cottage, Mason street, and a dainty wedding breakfast was served, at which only a few of the immediate relatives and most intimate friends were present. The table was very prettily decorated with carnations and ferns, white satin streamers extending from the chandelier to the corners of the table.

A great many handsome presents were received by the bride, testifying to the affection and esteem in which she is held. The groom's gift to her was a monogrammed locket set with diamonds and a gold watch and chain, and from her father she received a substantial cheque. To the bridesmaid the groom gave a gold locket and chain, the locket having a diamond centre, and to the best man he gave gold cuff links.

Mr. and Mrs. Tienery left on the Puebla this morning for San Francisco, where they will spend their honeymoon, returning by the Overland route. The bride's brother, who is attending college in San Francisco, will return with them and a large reception will be given by the bride's parents in their honor.

HER SKIN WAS BLOTCHY.

Scaly Like Pimples Covered Her Face and Ruined Complexion.

A SPEEDY CURE.

"When my skin had always been so clear and ruddy, I found it very mortifying to see pesty and pimply patches coming over my face," writes Mrs. S. T. Ungerer, a well-known resident of Wheeling. "Great red blotches came on my chin, grew dry and scaled off. I think my stomach was at fault. Certainly my blood was poor because my lips were white and I had unpleasant fullness and ringing in the ears."

"Noticing in the papers such strong recommendations for Ferronose as a blood and strengthening medicine, I decided to use it. From the first tablet I took there was an improvement. I felt better and had such a good appetite, improved in color and the old rosy flush slowly returned to my cheeks. Finally the blotches began to leave and the skin grew soft and smooth. I have gained some in weight, look the picture of health and feel as if I had never been ill."

There is no nourishing tonic so sure to build up and strengthen as Ferronose. It contains concentrated vegetable extracts that supply every weak element with the element it lacks. Health, vigor, happiness—these are the direct results of using Ferronose regularly.

Sold by all dealers, 50c. per box or six boxes for \$2.50. Get Ferronose today.

Christie's Biscuits—How their quality is guarded—

first of all, Quality in the butter, flour, milk and other raw materials.

"I've been testing butter for thirty years, and I've never heard of any other firm exercising the same care as Christie, Brown & Co. do."

"All our butter is purchased by a well-known butter authority. He buys for export from the best creameries in Canada, and sends the pick to us."

"You would be surprised if you knew what butter—good butter, according to all ordinary

standards—we reject. Most of it ninety-nine people out of a hundred would taste and accept as excellent table quality.

"It's not a matter of price with us. We pay a little better than the best market price, and the butter must be in accordance."

"We have a high standard for butter, the same as for all other raw materials. Anything that doesn't measure right up to that standard is rejected."

"The basis of the delicious goodness which you enjoy in Christie's Biscuits is the unvarying goodness of the raw materials that go into them."

"When I see how our orders for butter have to be steadily increased, to keep pace with the demand for Christie's Biscuits, I have the best kind of evidence that our jealous guarding of Christie Quality brings results."

You can taste Quality in every morsel of Christie's Biscuits. Sold in bulk, by the pound, or in moisture and dust-proof packages,

FIND GOLD IN
RAILWAY BALLAST

Discovery That May Lead to
Mining Revival in New
Mexico District.

Officials of the Santa Fe railroad are
inclined to believe that through the
accidental discovery of gold and cop-
per in the ballast used on the Belen
cut-off, a new rich-mining district will
be developed in the Manzano moun-
tains, in Torrance county, New Mexico.
The fact that adds romantic interest to
the gold discovery is that the region is
adjacent to a deserted city, which is
supposed to have been Spanish and
which is known as Gran Quivira. There
are legendary stories of old Spanish
mines which are supposed to have been
productive hundreds of years ago, but
which were abandoned.

Some of the ballast which was being
used on the Belen cut-off was sent to
Chicago and found to assay about \$3
worth of gold to the ton. This fact was
made known to a few, who began pros-
pecting in the mountains near the
source of supply of the ballast. The
result was the discovery of ore which
assayed between \$14 and \$20 per ton.
Wire gold, free gold and high-grade
copper were found.

PLAGUE IN ST. PETERSBURG.
Widespread Epidemic is Predicted—
No Funds for Precautionary
Measures.

St. Petersburg is on the eve of a new
and serious epidemic of cholera, according
to the published views of the chief
sanitary physician of the city, Dr.
Ivanhoff. Cases recently reported were
spread in practically all the quarters
of the city, indicating that the infection
is general. The sanitary commis-
sion is without funds and is therefore
unable to take the necessary precau-
tionary measures. The water supply
admittedly is contaminated, 15 per
cent. of it being unfitted. The epidemic
is especially dangerous to new-
comers, notably the workmen of the
building trades, who come into the city
from the country districts by the thou-
sands during the building season.

LABOR LEADERS MEET.
Executive of American Federation Pro-
pose International Organization.

New York, June 16.—With President
Samuel Gompers in the chair, but un-
likely to be able to attend all the other
sessions, because of his approaching
departure for Europe, the executive
council of the American Federation of
Labor, at the opening of its quarterly
meeting here yesterday, adopted a res-
olution favoring the establishment of
an international federation of labor.

The resolution declared that such a
federation, while not impairing the
trade union movement of each country,
would have for its purpose the protec-
tion and advancement of the rights
and interests of the wage earners.

The first day's session closed last
night with a brief address by Mr. Gom-
pers, who spoke of the importance of
the gathering, saying that in view of
the present labor question, this quar-
terly meeting was the most vital held
in a generation.

ANNUAL CONVENTION.
Delegates of Prairie Boards of Trade
Meet at Saskatoon.

Saskatoon, Sask., June 16.—The sixth
annual convention of the associated
boards of trade of western Canada,
opened yesterday morning in the Lyric
theatre. Alberta, Saskatchewan and
Manitoba were represented, although a
number of the delegates did not arrive
until the afternoon.

President McKenzie, of Edmonton,
announced the appointment of the fol-
lowing committees:

On resolutions: A. Cross, Calgary;
J. Cornell, Brandon; H. E. Lawson,
Regina; J. McGeorge, Edmonton; W.
Cousins, Medicine Hat; M. Isbister,
Saskatoon; C. N. Bell, Winnipeg; E.
M. Sanders, Moose Jaw; T. H. Brad-
shaw, Prince Albert. Credentials: C.
H. Webster, Calgary; J. W. Fleming,
Brandon; H. Aird, Saskatoon.

Thirty-nine resolutions were sub-
mitted. Last evening the delegates were
entertained by the Saskatoon Philhar-
monic Society.

HIGH PRESSURE PLANT WILL SOON BE READY

Building is Practically Finished
and the Pumps Are on
the Way.

The addition to the electric light sta-
tion, in which will be placed the pumps
for the salt water high pressure system,
is practically completed. The turbine
pumps, which have been made by the
D'Olier Manufacturing Co., of Philadel-
phia, are on the way and will be here in
a week or two. There are two of them,
one to be operated by electric power and
the other by steam, so that there will al-
ways be power assured for the operation
of the pumps. All the mains are laid, so
that as soon as the pumps are in and in
working order the additional fire protection
will be an actual fact. A test will be
made immediately upon the completion of
the system, to which the underwriters
will be invited.

LEGAL DEPARTMENT FOR VANCOUVER

Finance Committee of City
Council Will Report on
Subject.

Vancouver, June 16.—While the city
council met last evening ostensibly for
the purpose of discussing the formation
of a civic legal department, it did not
make much progress with the matter.
It, after a short discussion, being left
to the finance committee to investigate
and report. In consequence Mr.
Cowan's resignation as city solicitor
was left in abeyance until further ac-
tion shall have been taken. The bread
by-law, to permit bakers to sell one-
pound loaves of fancy bread, passed
third reading on the mayor's casting
vote after a rather stormy opposition.
The mayor said that they had met to
discuss the formation of a legal depart-
ment and asked for opinions.

Ald. MacMillan said he had looked
up the power of the city regarding
salary and found they could not pay
more than \$5,000 a year to a city
solicitor. He did not find that there
were any further restrictions. While
in Toronto, he found that the corpora-
tion counsel received \$5,000 a year,
and he did nothing but attend to the
work in courts. The city solicitor in
the city hall devoted himself to civic
work and received a salary of \$5,000,
and he had three assistants, who re-
ceived a total of \$5,000

ASSOCIATION FOOTBALL MAINLAND BODY.

At the annual meeting of the Vancouver and District Football League, there was a large attendance of delegates from the various clubs in the organization.

It was decided to organize a Vancouver Football Association, which will be the supreme body in soccer on the mainland, and affiliated with this organization will be the Vancouver-Seattle League, second division and junior division. Provisional officers were elected as follows:

Vancouver Association—Hon. president, Charles E. Tisdall; hon. vice-presidents, J. A. Fullerton and A. E. Suckling; president, Con Jones; vice-presidents, T. Mahoney and D. McCallum; secretary-treasurer, David Leith. Vancouver District League—President, William Riske; vice-presidents, Messrs. Graham and Anderson; secretary-treasurer, Tom Davies. Vancouver Second Division League—President, David McCulloch; secretary-treasurer, O. Phillips. Vancouver Junior League—President, T. Mahoney; secretary-treasurer, Mr. McMillan, New Westminster. Mr. Tisdall's offer to donate a trophy for competition in the local senior series was accepted by the association, and the secretary instructed to write Mr. Tisdall, thanking him for his kind offer. The trophy will be competed for under the B. C. championship series. A committee was appointed to look over the revised constitution and report at the next meeting of the association, which will be held in August. The association will have absolute control of all football on the mainland, and will hear protests, etc.

Some Excellent Values In Superior Sheetings--British Make

WE HAVE some splendid values to offer you in sheetings imported direct from the foremost looms of Lancashire. These mills are famed for their sheeting products and these offerings of ours certainly "live up" to the reputation English sheetings have won.

These Wigan sheetings are well and favorably known to many Victorians, the superior qualities and excellent values having won them a place in many homes. But there are many who are not acquainted with our offerings in these lines and we are anxious that they become acquainted. Come up to our second floor and let us show you some of these sheetings. There isn't the slightest obligation to purchase.

You'll find other interesting items on this floor and the visit will amply repay you. Delightful curtain and drapery materials and charming carpets await your inspection.

YOUR CAMP NEEDS BEST SUPPLIED FROM THE SPLENDID ASSORTMENT SHOWN HERE

THIS establishment is better prepared to look after your requirements in camp furniture and furnishings than any other shop. The assortments are better, the quality of the merchandise unsurpassed and the values aren't excelled anywhere.

In camp furniture we offer you the superior "Gold Medal" brand of steel reinforced folding furniture. Then in mattresses we show many low priced styles suitable for camp use. Bedding of all sorts (good sorts) is offered and crockery and cutlery in great variety. When you start to plan "camp" plan to investigate our offerings.

CAMP BLANKETS SILVER GREY SORTS

HERE is the ideal blanket for your summer camp or cottage—this Silver Grey Blanket of ours. A well-known quality with many campers and one that enjoys large "repeat" orders. This is a fine quality wool blanket of liberal proportions—size 60 x 80 in.—and one that will stand well the hard wear and tear of camp life.

We have many other styles in the blanket line, but let us show you this excellent blanket, at, per pair—

\$3.00

IN MATTRESSES we can outfit you with almost any style you wish. If we don't happen to have just what your fancy thinks is best it can be made on very short notice in our mattress-making department. Might just as well have a comfortable bed when the cost is so little.

CAMP CROCKERY SPECIALLY PRICED LINES

IF THERE is any time when one can "eat" it is camp-time. But even then things seem nicer and taste better if crockery is used in preference to tin plates and cups, etc.

We have specially priced some odd lines of crockery suitable for camp service and made these prices so small that it isn't necessary to resort to tin nor to risk the breaking of your house crockery.

On our first floor, near the Gordon street entrance, you will find a table laden with some of these offerings. Little prices prevail—prices that will please you. Ware is fine quality, too.

PLATES, from, per dozen 40¢
CUPS AND SAUCERS, decorated, dozen 50¢
PLATTERS, from, each 35¢
COVERED DISHES, from, each 50¢

BLUE AND WHITE RUGS FOR BATHROOMS LITTLE PRICED RUGS THAT ARE ATTRACTIVE

THESE JAP RUGS of cotton in pretty blue and white design are splendid for bathroom use or for the summer bedroom. Cost so little that every bathroom should have one. Then for bedroom use they are delightful and you should put one or more in your bedroom. We also have same style in green and white. Come in and see these—values are excellent.

Size 18 x 36 in., each \$1.25
Size 24 x 48 in., each \$2.00
Size 30 x 60 in., each \$3.00
Size 36 x 72 in., each \$4.50

NEW OFFICE DESKS

EARLY ENGLISH FINISHED DESK, made of oak and is a roll top style of medium size. This desk is of the sanitary style, the desk proper being raised from the floor on legs, preventing the accumulation of dust beneath the desk. Finely finished throughout. Priced at, each \$36

TYPEWRITER DESKS—In these we now have a very complete showing. These desks have many special features which make them desirable for well-equipped offices. Prices range from \$35 to \$16

FLAT TOP DESK, made of selected quartered oak, finished in golden, the top being very highly polished. This desk has nine drawers on each side and the top is of such liberal proportions as to give ample room for two to work at it. Price \$55

STANDING DESKS are also among the new arrivals, and we have a very fine desk style in selected golden oak, with 3 drawers and top shelf and foot rail, which we offer in the 8-foot size at \$38 and in 6-foot size for \$30

"GOLD MEDAL" CAMP FURNITURE STYLES

FOR the camper it is the ideal style. Being so light and folding so compactly makes it easy to "pack" from camp to camp. Let us show you the offerings in stools, reclining chairs, camp beds, tables, wash stands, baths, etc. Easy pricings on every piece.
